Project Plan Che	ecklist	Design Document Checklist	_
Problem and Need Statements	1.3 - Problem and Project Statement	System Design: System Requirements	3.3.2.1 - System
Concept Sketch	2.2.2 - Conceptual Sketch	System Design: Functional Decomposition	3.3.1.2 - Function
System Block Diagram	3.3 - Proposed Design (Specifically Fig	System Design: System Analysis	3.4 - Technology
Operating Environment	1.4 - Operational Environment	Detailed Design: Input/Output Specs	3.3.1.3 - Function
User Interface Description	3.3.3 - User Interface Description	Detailed Design: User Interface Specification	1.5.3 - User Inter 3.3.3 - User Inter
Requirements	1.5 - Requirements	Detailed Design: Hardware and/or Software Specifications	1.5 - Requiremer
Market and Literature Survey of Similar Projects	3.1 - Previous Work and Literature	Testing and Evaluation Plan: Test Plan	4 - Testing
Deliverables	1.8 - Deliverables	Testing and Evaluation Plan: Sim, Modeling, Prototyping	4 - Testing
Project Management: Work Breakdown Structure	2.1 - Task Decomposition	Basic Implementation: Basic Building Blocks	5.1 - Basic Buildi
Project Management: Resource Requirements	2.7 - Personnel Requirements 2.8 - Other Resource Requirements	Basic Implementation: Familiarity to Tools	5.2 - Familiarity v
Project Management: Project Schedule	2.5 - Project Timeline/Schedule		
Project Management: Risks	2.3 - Risks and Risk Management/Miti
