

Team Name: sddec21-19

Team Members: Emma Paskey, Andrew Dort, Kira Pierce, Joshua Slagle, Zachary Borchard

Report Period: Mar 15-Mar 29

Summary of Progress in this Period

During these two weeks, the team has:

- Finished the first iteration ideation for how the personas will work in our application with our advisors, and how the application will function
 - Researched what the best type of software architecture will be to follow once we start development of the project
 - Started to assign tasks to complete the design document v2
-

Pending Issues

- While we have brainstormed together and researched what the best architecture for our project will be, we still have yet to reach a final decision
 - More ideation will be needed with our advisors to fully scope out the entirety of the application before we start any development
-

Plans for Upcoming Reporting Period

- Make final decision about architecture
 - Further clarify the requirements of the application with our advisors
 - Begin first steps for implementing the project
